

Graduate School of Science and Engineering

Graduate Publications / Conferences / Presentations

According to the decision taken at the Senate meeting dated 10.07.2024 and numbered 22/01, students must meet the following requirements to be eligible for their thesis defense examination:

Master's Program:*

- At least one (1) national or international poster or oral presentation.

*This requirement applies to students who enrolled in the 2024–2025 Fall Semester.

Ph.D. / Integrated Ph.D. Program:

- Acceptance of at least two (2) articles**
- At least one (1) international oral presentation

At least one of these articles must meet the following three criteria:

- The article must be based on the student's thesis research,
- The student must be the first author or the corresponding author,
- The article must be accepted/published in a journal indexed in SCI (Science Citation Index) or SCI-Expanded (Science Citation Index Expanded).

The second article may be accepted/published in a journal indexed nationally or internationally.
