Applications failed to be delivered within the deadlines or failed to show all the necessary documents for application cannot be processed.

The application documents should be uploaded to the university's application system; the applications via fax, mail or e-mail will not be accepted. Accepted students must submit the originals of the documents at the time of enrolment.

Completion of Admission and Position Securing

Article 8 – (1) All accepted students need to transfer a pre-registration tuition fee deposit (or pre-registration dormitory fee deposit for students not subject to tuition fee payments) within the 7 days following the announcement of their admission status in order to secure their position at AGU. This pre-registration deposit will then be deducted from their Tuition or Accommodation fee, depending on their nationality or scholarship situation, if any was granted. If no payment was made within the 7 days following the announcement of the student’s admission status, the University will consider that the student would have withdrawn his right as accepted student, and has therefore the right to offer the vacated position to another eligible student.

Abdullah Gül University pre-registration deposits according to Faculties:

Faculty	Pre-registration Deposit
Faculty of Engineering	Minimum one-semester tuition fee or 4-month dorms fee
Faculty of Architecture	Minimum one-semester tuition fee or 4-month dorms fee
Faculty of Life and Natural Sciences	Minimum one-semester tuition fee or 4-month dorms fee
Faculty of Management	Minimum one-semester tuition fee or 4-month dorms fee

Students who are not subject to tuition fee payment (such as Syrian nationals or scholarship awardees) will be required to pay a pre-registration deposit of minimum 4-month dorms fee instead, which will then be deducted from their dorms fees (or refunded after registration if the student is staying off-campus).

In case students are not able to pay their pre-registration deposit in Turkish Lira (TRY), they may transfer minimum one-semester tuition fee payment or 4-month dorms fee payment as a deposit to the University US Dollar bank account instead.

Payments in US Dollars will be converted to TRY in the beginning of the month following the reception of the payment, using the University’s bank conversion rate.

(2) Abdullah Gül University policy on refunds

The pre-registration tuition or accommodation fee deposits used to secure the seat offered to accepted students is strictly non-refundable. No post-securing cancelation reason, including visa denial or delay, may lead to a refund.

Students who have secured their seat at Abdullah Gül University via the payment of the pre-registration deposit understand and accept the University’s no refund policy.

Assessment of Applications

Article 9 – (1) Assessment of applications and the placement of candidates are at the discretion of the Abdullah Gül University. Those with exam scores below the limits determined by the University Administration and those who do not comply with other application conditions are not considered for application process. Applications are evaluated according to the rules determined by the University Administration under the condition that the quota would not exceed 35% of the total allocation for the Turkish students.

Admission Results and Waiting List

Article 10 – (1) The final list of accepted students will be published on the University’s website at the end of the application period along with an official waiting list to be used in case of withdrawal of an accepted student.

(2) A letter of acceptance will be sent to candidates who are eligible for registration by the relevant unit. Using this letter, candidates are required to obtain their Turkish Student Visa ("Education Visa") from a Turkish Embassy. This visa is necessary to enter Turkey and register to the university.

(3) In case of any sort of written cancellation of previously accepted students and their withdrawal from their rights as accepted students, the University will then contact waiting list students to offer them the vacated positions.

Application for Scholarships

Article 11 – (1) All accepted students are considered for the award of the “Free Tuition Scholarships” AGU created for its International Students (covering the tuition fee of the student).
