AGU 1st International Staff
Week on 23rd-27st May,
2022.

I want to participate to Staff Week led by Abdullah Gul University because this mobility matches my professional requirements and interests and could prove to be a suitable one for my continuing professional development. Furthermore, it is a great opportunity to visit Turkey, being my first time there.

Secretary at the Faculty of Geography and Geology, Alexandru Ioan Cuza University of Iasi, Romania.

AGU 1st International Staff
Week on 23rd-27st May,
2022.

I visited Turkey with Erasmus Staff-Training program several times. My last mobility for an International Week at Pamukkale University in 2020 was suspended due the Pandemic. Hope that this year the situation will return to normal. Also I will began online classes for Turkish Language. I applied for this International Erasmus week to improve and increese my skills, my knowledge and my experience. I like travelling, cooking, experiencing new cuisine, knowing people to learn new languages.

AGU 1st International Staff
Week, on 23rd-27st May,
2022.

A chance for me to share experiences, learn from each other and enhance networking between partners from international higher education institutions from different geographical and cultural backgrounds as well. An opportunity for me to get more deeply involved and gain experience and competencies in processes related to internationalization and improve my abilities in a multicultural environment and visit Turkey, a culture to which I feel very attracted.

AGU 1st International Staff
Week, on 23rd-27st May,
2022.

Internationalization is the main activity in the department in which I work. I would like to learn about internationalization processes in other institutions and universities. We also struggle with COVID 19 and have had mobility issues. I would like to share good practices on this topic. I love eating roud meat, hermelin (marinated Czech cheese) and potatoes in any form. I love reading books about life after death. My favorite day of the week is Friday because then I can live how I like

2022.

I think that participating in this training will allow me to get the latest information through face-to-face meetings in today's difficult period, as well as to share our views and opinions on current issues related to the training. I actively participate in international and regional academic and other events. I love swimming, reading historical literature, listening to classical music and getting to know different cultures and traditions.
