
Code	ARCH 599
Name	Thesis
Hour per week	0 (0 + 0)
Credit	0
ECTS	25
Level/Year	Graduate / Master
Semester	Fall/Spring
Type	Compulsory
Prerequisites	ARCH 500
Content	The course mainly frames the research, development and writing phases of the master thesis. For each thesis work the phases of the research may vary but in general it consists of following steps: literature review about the chosen topic, defining and examining of research problem, site visits, archival research (where applicable), developing a solution or a personal approach on the research topic, and writing of the body of the thesis. This process is conducted with the guidance of the thesis advisor(s).
