

**Multiple Faculty Positions at Abdullah Gül University,  
School of Management Science**

Abdullah Gül University (AGU), School of Management Science invites applications for multiple faculty positions in the areas of Management, Organization Science, Marketing, Finance, Accounting, Operations Management, Decision Science, Microeconomics, and Macroeconomics. The school has research and teaching focus on four specific topics, namely, (1) Sustainability and Development, (2) Innovativeness and Entrepreneurship, (3) SMEs and Institutionalization, and (4) Services Management. Successful candidates must possess a Ph.D. degree and a research track in a related field, and will be considered for positions at all academic ranks (Assistant, Associate or Full Professor). International candidates are strongly encouraged to apply.

Review of applications will start immediately and continue until all positions are filled. Successful candidates will be expected to initiate and maintain externally funded research programs, be committed to teaching excellence and student mentorship at both undergraduate and graduate levels, and be involved in service to the university and profession. At the Assistant Professor level, applicants are expected to demonstrate exceptional academic credentials and promise for a distinctive career in research. At higher ranks, evident track record of research accomplishments, including successful research funding, is expected. Particularly attractive is demonstrable ability or interest to initiate interdisciplinary research and university-industry collaborations.

AGU is a recently established state university in Kayseri, Turkey with a strong foundation support that significantly supplements the state-provided resources. The university aspires to stimulate innovation and creativity in addressing global problems

and to provide added value to society through focused cooperation projects that involve students, and faculty. To this end, the university places great emphasis on interdisciplinary research, university-business circles-civil society collaborations, and innovative teaching.

The university offers internationally competitive salaries and benefit packages including housing and health insurance. The benefits of working at AGU also include eligibility for state pension and other advantages that accrue from being an employee of the state.

AGU is located in the city of Kayseri, an education center with four universities and an industrialized city in central Turkey with a population of about 1.3 million. Kayseri is characterized with rather low crime rates and extremely reasonable costs of living. In addition to its rapidly growing vibrant economy, the city is a transportation hub offering easy access to centers in Europe and Turkey. Its renowned culinary specialties, close proximity to Cappadocia, skiing, trekking and alpinism opportunities at Mt. Erciyes, and historical points of interest makes Kayseri a center of attraction for many domestic and international visitors.

Applicants should submit a cover letter, a curriculum vitae, statements of research and teaching, and the names and contact information of three references. Application materials should be e-mailed:

Prof. Dr. Cengiz Yilmaz

Abdullah Gul University, School of Management Science, Kayseri, Turkey
